

Connecting Female Scientists: Electromobility

Summer School

20. - 24. September 2021

The “Connecting Female Scientists” Summer School offers the opportunity:

- To learn about and discuss various interdisciplinary aspects of electromobility
- To develop and establish a professional network with likeminded individuals who face similar challenges in the landscape of STEM-disciplines
- To get inspired by the career paths of other female scientists
- To act as role models and experts for the following generation of students

General Information

Place	Hybrid Event: 25 places for participants on-site (High Voltage Lab of the TU Dresden). Additionally, 25 persons may participate online
Target Audience	Female PhD-students and postdoctoral researchers
Language	English
Costs	Participation in the summer school is free of charge. Accommodation is not provided.
